

LEAD SPA THERAPIST GOZO, MALTA

Amchara is an established and highly experienced Health & Wellness Retreat located on the beautiful island of Gozo, in Malta. We are looking for a Lead Spa therapist for this year's season who is passionate and experienced in creating beautiful Spa experiences for our clients.

All our clients stay with us to create some personal change in their lives and during their stay are supported and guided by our team of Naturopaths and Nutritionists who design personalised programmes for their stay with us based on cleansing juices or nourishing healthy food. Their recommended programme will often include a variety of spa treatments to help them relax, detoxify or just to feel pampered and taken care of.

As well as providing excellent treatments you will be expected to provide a high level of customer service from the moment the client enters the spa and until they leave. It's a small spa yet you will also be responsible for overseeing the operations including replenishing stock levels, identifying any cleanliness issues, product ordering and promoting the menu of services. All bookings are created through the main reception rather than the spa.

Working as the main therapist, the ideal candidate will have a strong interest and knowledge of healthy living concepts, with the ability to understand the power and sensitivity of the fasting/cleansing process and how this can impact the power of the spa treatments. Training can be provided yet we require someone who is aware that treatments are more than just a physical experience. They have the potential to heal the emotions, mind and soul so a multi-dimensional awareness is preferred.

The retreat runs continuously from March to the end of October (and November if busy) so availability for this period is essential. It's a full-time position and although the average treatment bookings per day are between 4-6 per day, we require someone who can provide up to eight treatments in a day on the occasion it is required.

We would prefer someone who is trained in the following treatments: Aromatherapy Massage, Swedish Massage, Deep Tissue Massage (this is our most popular), Hot Stone Massage, Head Massage, Reflexology, Facials, Scrubs. We could provide training in some of these treatments so please still contact us if you interested. We also welcome new treatments.

We are a small team who work closely together so the ability to work well with others is a must, particularly the practitioners to ensure the clients experience a holistic health experience. An awareness and willingness to be one of the faces of Amchara by presenting our values and concepts is a must. We are very personable with our clients so being confident in talking with our clients is essential. Being confident in promoting beneficial treatments would be a bonus.

The role includes onsite accommodation with all utility bills covered (not including mobile phones). Flights to Malta and airport transfers in Malta are also covered with return flights included if you complete your contract.
